

# Raising an invoice, and getting paid

Twenty steps from an empty page to money recorded against the invoice. Every step is one action, with the screen you should be looking at when you have done it. Follow it start to finish the first time; after that you will only need the pictures.

---

## Build the invoice — no account needed

---

## 01

## Open the editor

Go to `/generator`. You do not sign in, and you are not asked to.

## A CORRECT SCREEN

An invoice fills the page, already dated today and numbered INV-0001. The page you are looking at is the document — there is no separate form. The panel on the right offers 48 designs, a logo upload, and a note saying nothing is saved until you ask.

The screenshot shows the Invoicer application interface. At the top, there's a header with 'Invoicer' and a currency dropdown set to 'USD — US Dollar (\$)'. On the right, there are buttons for 'Save & send it' and 'Download PDF'.

The main area displays an invoice template. On the left, there's a section for 'Your business name' with a placeholder for a logo and fields for street, city, state, ZIP, and email. To the right, the 'INVOICE' title is followed by invoice details: Invoice # (INV-0001), Issue date (09/06/2026), Due date (09/20/2026), Terms (Net 14 optional), and PO #.

Below this, there's a 'BILL TO' section for the client's name and address, and a 'SHIP TO' section (optional) with a 'Same as billing' checkbox. A table for line items follows, with columns for Description, Qty, Unit Price, and Amount. The first line item is 'Description of work or goods' with a quantity of 1, unit price of \$0.00, and amount of \$0.00.

At the bottom, there's a 'NOTES' section with a placeholder for a note, and a 'TERMS' section with a placeholder for terms. A summary table on the right shows Subtotal (\$0.00), Discount (0% at -\$0.00), Tax (0% at \$0.00), Shipping (0 at \$0.00), Total (\$0.00), Amount paid (0 at -\$0.00), and Balance due (\$0.00).

On the right side of the interface, there's a panel for design options. It includes a 'DESIGN — 48 TO CHOOSE FROM' section with a grid of 48 design thumbnails. Below this is a 'YOUR LOGO' section with a 'Choose File' button and a note that nothing is uploaded until asked. At the bottom of the panel is a 'WHAT HAPPENS TO THIS' section explaining that nothing is saved until the user asks to download the PDF.

Step 01 — the control for this step is ringed; where the figures are small they are enlarged underneath.

## 02

## Type your own details, at the top left

Click **Your business name** and type. Press Tab or click the grey lines under it for the address; each line is its own line on the printed page.

## A CORRECT SCREEN

Your name goes bold at the top and the address sits under it in grey. Nothing jumps or reflows anywhere else.

DESIGN — 48 TO CHOOSE FROM

All Classic Band Minimal Bold

Stripe Modern

Switching a design keeps everything you have typed.

YOUR LOGO

Choose File No file chosen

PNG or SVG. It is embedded in the PDF — nothing is uploaded to a public folder.

WHAT HAPPENS TO THIS

Nothing is saved anywhere until you ask.

Download PDF makes the file and keeps no copy. Your draft stays in this browser so a refresh will not lose it.

To email it and take payment online, you will need an account.

**Sethuraman Accounting, Tax & Consulting**

Step 02 — the control for this step is ringed; where the figures are small they are enlarged underneath.

03

## Type who it goes to

Fill **BILL TO** the same way — name, then address, then their email. Then set the invoice number, and the terms if they are not Net 14.

### A CORRECT SCREEN

The client's name is bold under BILL TO, and the invoice number you typed replaces INV-0001 in the top right. Leave **SHIP TO** alone unless it differs — it prints nothing when empty.

The screenshot shows the Invoicer application interface. At the top, there's a navigation bar with 'Invoicer', 'CURRENCY' set to 'USD — US Dollar (\$)', and buttons for 'Save & send it' and 'Download PDF'. The main invoice form is divided into several sections:

- Header:** Includes a logo placeholder, the business name 'Sethuraman Accounting, Tax & Consulting', address '1 Harbour Row, Suite 400, Portsend, ZZ 00000', and email 'billing@satscp.com'. It also shows invoice details: 'Invoice # SATC-2026-0184', 'Issue date 09/06/2026', 'Due date 09/20/2026', 'Terms Net 14', and 'PO # optional'.
- BILL TO:** A red ring highlights the client name 'Northwind Traders LLC'. Below it is the address '9 Harbor Way, Seattle, WA 98101' and email 'ap@northwind.example'.
- SHIP TO (optional):** Labeled 'Same as billing'.
- Table:** A table with columns 'DESCRIPTION', 'QTY', 'UNIT PRICE', and 'AMOUNT'. It contains one row with 'Description of work or goods', '1', '0.00', and '\$0.00'. Below the table is a '+ Add a line' button.
- NOTES:** A section for 'Thank you for your business...'.
- TERMS:** Labeled 'Payment due within 14 days:'.
- Summary:** A table showing 'Subtotal \$0.00', 'Discount 0 % -\$0.00', 'Tax 0 % \$0.00', 'Shipping 0 \$0.00', 'Total \$0.00', 'Amount paid 0 -\$0.00', and 'Balance due \$0.00'.

The right sidebar contains three sections:

- DESIGN — 48 TO CHOOSE FROM:** A grid of 48 design templates categorized by 'All', 'Classic', 'Band', 'Minimal', 'Bold', 'Stripe', and 'Modern'.
- YOUR LOGO:** A section with a 'Choose File' button and a note 'No file chosen'. It explains that the logo is embedded in the PDF and not uploaded to a public folder.
- WHAT HAPPENS TO THIS:** A section explaining that nothing is saved until the user asks to 'Download PDF', which makes a copy and keeps the draft in the browser.

Step 03 — the control for this step is ringed; where the figures are small they are enlarged underneath.

## 04 Add the work, one line at a time

Type into the first row, then press + **Add a line** for each further item. Quantity takes decimals — 1.5 for an hour and a half.

### A CORRECT SCREEN

Each row's AMOUNT is quantity × unit price and updates as you type; the Subtotal underneath follows immediately. In the example:  $1,450 + 1,155 + 330 = \$2,935.00$ .

Step 04 — the control for this step is ringed; where the figures are small they are enlarged underneath.

Discount comes off the subtotal *before* tax is worked out. Here:  $2,935 - 100 = 2,835$ , then 8.25% of that is 233.89, so the Total is **\$3,068.89**. Check the Total, not just the boxes — that is the number the client pays.

## WATCH OUT

The Notes and Terms blocks on the left show grey example wording. That is a prompt, not content: leave them and they print nothing at all. Type into them if you want the client to see them.

Step 08 — the control for this step is ringed; where the figures are small they are enlarged underneath.

09

## You land on Account, not back on your invoice

Read the two yellow notices, then leave this page. There is nothing to fill in here yet.

A green *Welcome! Your account is ready.* The two yellow notices are about the site as a whole, not your account: Stripe is not connected, so clients cannot pay online, and email is not set up until the administrator configures it.

Signing up does not bring you back to the invoice you were building, and there is no link to the editor anywhere once you are signed in. Type `/generator` in the address bar to get back to it — that is step 10.

Step 09 — the control for this step is ringed; where the figures are small they are enlarged underneath.

## Go back to the editor — your draft is still there

Put `/generator` in the address bar.

## A CORRECT SCREEN

Everything is exactly as you left it: both addresses, all three lines, the tax, the discount and the design. The draft is held in this browser, so it survives the trip through sign-up — but only in *this* browser on *this* machine.

## Send it

The client's email is already in the box. Change it if it should go to someone else, then press **Send invoice**.

## A CORRECT SCREEN

One button, one recipient. The PDF is attached for you — you do not download and attach it yourself.

The screenshot shows the 'Invoicer' web application interface. At the top, there's a navigation bar with 'Invoices' and 'Account' tabs. The main header displays 'Invoices / SATC-2026-0184' and the invoice number 'SATC-2026-0184' with a 'Draft' status. Action buttons for 'Edit', 'Download PDF', and 'Delete' are visible. A green notification bar states 'Invoice saved.'.

The invoice details section shows the sender 'Sethuraman Accounting, Tax & Consulting' and the recipient 'Northwind Traders LLC'. The invoice number is 'SATC-2026-0184', issued on 'Sep 06, 2026', due on 'Sep 20, 2026', with 'Net 14' terms.

The items table lists the following:

| DESCRIPTION                             | QTY | UNIT | AMOUNT     |
|-----------------------------------------|-----|------|------------|
| 2025 Form 1120-S preparation and e-file | 1   |      | \$1,450.00 |
| Quarterly bookkeeping review (Q1-Q3)    | 3   |      | \$385.00   |
| Owner K-1 walkthrough call              | 1.5 |      | \$220.00   |
| Subtotal                                |     |      | \$2,935.00 |
| Discount                                |     |      | -\$100.00  |
| Tax (8.25%)                             |     |      | \$233.89   |
| Total                                   |     |      | \$3,068.89 |

The right sidebar contains a 'Balance due' section showing '\$3,068.89' due on 'Sep 20, 2026'. Below this are buttons for 'Send invoice' (highlighted with a red ring), 'Copy invoice link', and 'Preview client view'. A 'Mark as paid' button is also present. The 'Activity' section shows a log entry: 'Invoice created Sep 06, 2026'.

Step 13 — the control for this step is ringed; where the figures are small they are enlarged underneath.

## 14

### Confirm it went

Read the Activity list on the right.

## A CORRECT SCREEN

The status moves from Draft to **Sent**, Activity gains *Invoice sent — to* and the address, and the button becomes **Resend invoice**. If sending fails you get a red message saying why; nothing is silent.

Step 14 — the control for this step is ringed; where the figures are small they are enlarged underneath.

STEPS 15–20

## What the client gets, and getting paid

### 15 What lands in their inbox

Nothing to do. This is what you have just sent, so you know what they are looking at.

#### A CORRECT SCREEN

Your business name in the subject and the greeting, the amount and due date side by side, and a button. The invoice number and terms are on the line under it, and the PDF is attached. The footer carries your address, not ours.

Step 15 — the control for this step is ringed; where the figures are small they are enlarged underneath.

## 16 The page behind the button

You can see it yourself any time from **Preview client view** on the invoice page.

### A CORRECT SCREEN

The amount due and the date, then the whole invoice. The client needs no account and no password. When online payment is switched on, a **Pay** button sits beside the amount at the top; with Stripe not connected, it correctly does not appear.

Step 16 — the control for this step is ringed; where the figures are small they are enlarged underneath.

## 17 The PDF attached to the email

Open the attachment on the email you sent, and look at it before you rely on it.

A CORRECT SCREEN

The design you chose, the same figures, and your details in the footer.

## WATCH OUT

The attached copy is stamped **DRAFT**, because the file is made a moment before the invoice's status changes to Sent. Download the PDF again from the invoice page and it reads SENT. Until this is fixed, send the second one by hand if the client's accounts department is strict.

Sethuraman Accounting, Tax & Consulting · SATC-2026-0184

Step 17 — the control for this step is ringed; where the figures are small they are enlarged underneath.

## 18

### When the money arrives, record it

On the invoice page press **Mark as paid**. Use this for a bank transfer, a cheque, or cash — anything that did not come through the site.

## A CORRECT SCREEN

One button. You do not type the amount; it settles the whole balance.

Mark as unpaid

Activity

- Marked paid Sep 06, 2026
- Invoice sent to ap@northwind.example
- Invoice created Sep 06, 2026

Step 19 — the control for this step is ringed; where the figures are small they are enlarged underneath.

## 20 Check the workspace totals

Click **Invoices** in the top bar.

### A CORRECT SCREEN

Four figures across the top — outstanding, overdue, paid, and how many invoices you have. After the payment above, outstanding reads **\$0.00** and paid reads the invoice total. The list underneath filters by status, and **Export CSV** takes the lot.

Step 20 — the control for this step is ringed; where the figures are small they are enlarged underneath.

---

## Using this again

This is also the regression check. Walk it after a change and every step either matches its picture or does not — and a step that no longer matches is either a fault in the product or an out-of-date instruction here. **Finding out which is the job.**

The three *Watch out* notes are not mistakes you have made. They are known faults, written up separately for whoever fixes them, and repeated here so nobody spends ten minutes looking for a setting that does not exist.
